How Does Discipline Literacy Differ from Content-area ...

Teaching Literacy in All Content Areas

Literacy is commonly known quite simply as the ability to read and write. Many parents and even educators think of literacy as a skill that a student learns in Reading and Language Arts. This is a problem in education because literacy skills are needed in every single subject area.

Content Area Reading: Literacy and Learning Across the ...

Content-area literacy strategies are traditionally defined as the basic set of strategies students use when reading and responding to texts, with little differentiation being made across the content-area subjects. For example, students may learn techniques for determining important information, making inferences, asking questions, and summarizing. They would then apply these strategies when reading science, history, and math. Discipline Literacy
