Go Behind the Scenes with the Ultimate Ship Tour ...

I did a behind the scenes tour on Princess, and the took us to so many things. Engine room was off limits, but we did get to see the engine control room, which we got to see all the computers that run the engines and live cameras. Have been thinking about a cruise on the Epic for next year, hope they have a tour like this. I would go again!

'Behind the Fun' will give guests the unique opportunity to explore beyond the public areas with visits to the ship's bridge, engine control room, main galley, staff dining areas, storeroom, laundry and other spaces for a rare insider's view of many areas typically seen only by the ship's crew. The tour is extremely exclusive, it is only ...

Allure of the Seas Engine Room [HQ]

The Ultimate Ship Tour lasts approximately three hours, and is offered once or twice per cruise on a sea day. Space is limited for the tour, which is available for \$150 per person, and can be reserved onboard at the Passenger Services Desk. The tour is available on most Princess ships. The innovative tour features:

Cruise Ship Tours: Would You Pay To Go Behind the Scenes?

A first time innovation in the cruise industry, the Ultimate Ship Tour will allow you a special behind-the-scenes look at the day-to-day operations of a truly seaworthy vessel. You'll be able to see the ship's engine control room, photo lab, print shop, medical center, bridge and many more exciting spots that you might otherwise not even know ...

Cruise ship engine room

Cruise ship engine room. The basic detail about the cruise ship engine room is its location. For stability, the ship's heaviest weights are at its lowest possible deck, and usually, engines are mounted above the keel. Ship's lowest decks are almost entirely full of machinery.

Cruise Ship Engine Room Tour

The tour is an extensive journey through the backstage areas of the ship, from the galley and the stores to the engine control room, the laundry and the 1-95 crew corridor.

engine room on the Disney Magic. A 83,000 ton passenger ship.

Queen Mary will do bridge tours sometimes. Engine room tours are very rare (I have seen a few). The gas turbines on QM2 are mounted up by the smokestack, anyway, and they have pods for engines. Ships that have pods do not have the same sort of interesting engine rooms as the propellar driven ships have, and most new ships have pods.

Cruise Ship Engine, Propulsion, Fuel Consumption ...

On AIDA cruise line i took part of an BTS tour that included the bridge and engine room.It was 2011.They still do it but only very rarely and depending on captains decision,so absolutely unpredictable. But the engine room part was only approx. 10 seconds for everyone cause it was extremely loud and hot.

First, the basics: NCL's tour -- which is offered just once per cruise -- costs \$55 per person. The tour starts with a meet and greet with the ship's officers and a visit to the galley for a glimpse...

Engine room tour? - Norwegian Cruise Line - Cruise Critic ...

The engine room is the heart of the ship providing mechanical and electrical power for the entire ship. Come with us as we enter through the air-tight door, put on our safety gear, and start a "funnel to tunnel" safety inspection. Then let's take a tour of the engine room and find out what lies inside the room, including the diesel marine engines, boilers, generators, and lots of other machinery.
