LibGen is a unique concept in the category of eBooks, as this Russia based website is actually a search engine that helps you download books and articles related to science. It allows you to download paywalled content for free including PDF downloads for the stuff on Elsevier's Science Direct website. Even though the site continues to face legal issues due to the pirated access provided to books and articles, the site is still functional through various domains.

Mod:Vehicle Repair - DayZ Wiki

Do you know how to drive it? The cars now act like they have a manual shift system. Q is the down shift key, and E is the shift up. The car when started for the first time is in neutral gear. S no longer makes it go in reverse. S is the brake key now. So to reverse you need to shift down ALL the way to reverse gear.
