*DELL INSPIRON 660 - computers -  
by owner - electronics sale  
Hello, just purchased a dell  
inspiron 660, it's great, and it  
boots up really fast, it's got an i5!  
I love it! Only problem is there  
are no bios options showing on  
startup. (Just the dell logo, and a  
rotating wheel, then it goes  
straight to the login screen) I tap  
f2, and f12, but nothing happens,  
it just continues on to the login  
screen.*
