Diagnostic and Statistical Manual of Mental Disorders ...

1. Introduction. In 1973, the American Psychiatric Association (APA) removed the diagnosis of "homosexuality" from the second edition of its Diagnostic and Statistical Manual (DSM) [1,2]. This resulted after comparing competing theories, those that pathologized homosexuality and those that viewed it as normal [3,4,5,6]. In an effort to explain how that decision came about, this paper reviews ...
