Dimension of Miracles is a wild metaphysical farce that presages some of the things Douglas Adams was doing so succinctly that I suspect Adams was a fanatical Sheckley devotee. The story relates the adventures of the hapless Thomas Carmody, who finds one day that he has been awarded the grand prize in the Intergalactic Sweepstakes.

Yet the miracle in this novel about miracles is that Sheckley can achieve so much despite these shortcomings. The man was brilliant, make no mistake about it. Dimension of Miracles has no structure, no narrative arc, but almost every page offers something pleasingly zany or piquant or provocative for your enjoyment. The characters may be made of

Dimensions of Miracle by Robert Sheckley
It isn't surprising that Sheckly was known as a master of the short story. 'Dimension of Miracles' is not a short story but it feels like a short story that got gratuitously extended to novella length. Nevertheless it's still classic Sheckly. He knew science in a superficial way but yet enough to keep his stories believable.
