***I have a 1984 Honda XR100. It will idle at half choke but stalls when choke is completely off. When idling at half choke it will rev in neutral but will stall out when put in gear. Brand new spark plug, brand new OEM carburetor with stock jets and needle position. The air filter is clean and the boot is attached properly with no holes.***

***Amazon.com: dirt bike throttle cable***

***If you've ever wondered how to fix a sticky throttle on a a dirt bike, this is surprisingly easy. All you need are some shop towels, a Scotch-Brite Pad, a light grease (WD-40 works), and a few wrenches. A good torque wrench is recommend in the owner's manual for a few of the bolts, but honestly, probably not necessary.***
