practice and the consumption of design. all profes-industry can feel better about itself by holding onto its principles. today, everyone is a designer.

Do Good Design How Designers

Do Good Design was an incredible book, very explanatory of our world's current issues, and mind-opening. David Berman did a great job challenging his readers to not only advertise well but to do good for humanity (in so many ways).

9 traits of a great designer | Creative Bloq

This is what differentiate good from great designers. Good designers will rely on their technical skills and base their design on principles (a machine could learn that by the way), but great designers bring more to the equation. I think that this is what creativity really is. Final thoughts

Do Good Design: How Designers Can Change the World

Do Good Design is a much needed introduction to the power of graphic design and the reasons designers need to wield that power for good. I'm definitely making it required reading in my class on socially conscious design.

About Us – Do Good Design Co.

Great designers have a desire to draw upon their observations then improve design standards. Whether it's human behaviour, poor design or a need for a new design, a designer must desire to improve what already exists or the evolution of design will cease. Desire drives action. Good designers desire change. 04. Context. Great designers ...
