Applied Hydrology: Chow, Ven, Maidment, David, Mays, Larry ...

I took a hydrology course taught by one of the authors (Larry Mays) using this book. Advantages of this book lies in (1) the arrangement of the contents is very logic-oriented, you don't feel abrupt jump from one chapter to another one, (2) the theory addressed in the text is concise, easy to read and understand, (3) the examples used to illustrate the theories are very correlated.
