Francis Katamba - Wikipedia

Morphology is a comprehensive introduction to contemporary morphological theory and analysis of generative grammar. It contains numerous in-text exercises which involve the reader in doing morphology by analysing data from English and numerous other languages. The book is divided into three parts. Part 1 surveys traditional notions of word-structure which remain fundamental to morphological ...

Morphology, Second Edition: Palgrave Modern Linguistics ...
morphology and its stance in different branches of linguistics, written by leading scholars in the field (although it does not contain any article by the distinguished morphologists Andrew Spencer, Francis Katamba; and for this, of course the editor mentions that "the inclusion of articles that are not available was prioritized").

9781403916440: Morphology: Palgrave Modern Linguistics ...

A shockingly easy-to-understand book on the most important aspects of morphology. Unlike most books on this and similar topics in linguistics, the language is clear and not larded up with technical jargon. A valuable book for those interested in this somewhat unorganized field of study.

LINGUIST List 16.1352: Morphology: Katamba (2003) -- Part 2

Morphology is a lively, comprehensive introduction to morphological theory and analysis in contemporary generative grammar. It is designed to take absolute beginners to a point where they can approach the current literature in the subject. It contains numerous in-text exercises which encourage the reader in doing morphology by formulating hypotheses and testing them against data from English.
