ME-GI Dual Fuel MAN B&W Engines 7. dling the boil-off gas can be combined with the engine gas supply system in many different ways, thereby offering many possibilities, especially for LNG carriers. But basically, two different so-lutions are available for LNG carriers.

## ME-GI Dual Fuel MAN B&W Engines

With the ME-GI engine, two-stroke development has taken a step further by combining the unique properties of multi-fuel combustion and the well-known reliability of MAN Energy Solutions ME-engine.

## The Flexible Dual-Fuel Solution - Marine Engines & Systems

4 MAN B&W ME-LGIP dual-fuel engines In July 2018, MAN Energy Solutions (MAN ES) order book for two-stroke low-speed dual-fuel engines passed 210 engine orders. This achievement proves the customers confidence in the dual-fuel engine concept. In 2018, the world's first order for the ME-LGIP dual-fuel MAN B&W engine

## Marine LNG Engine - Wikipedia

MAN Energy Solutions offers highly reliable, efficient, proven propulsion systems that comply with all modern emission legislation when sailing in environmentally sensitive areas and which meet the strict safety requirements that LNG carriers operate under. We offer dual-fuel engines that are geared towards operating on boil-off gas derived ...
