Ducati Singles Technical Information by MotoScrubs.com

It's been a while since I was trying to figure out whether my ST4S has a bad main bearings. Now I finally got the overhaul job going and decided I could document the job as a blog so I created one: Ducati engine rebuild project Hopefully I don't get lazy updating it One thing came to my mind is that aren't the ones having early main bearing failure been MY2002?

Ducati Narrowcase Rebuild: June 2009

2.) Rebuild: If no topend damage, i will send the crank out for balance/Knifeedged, have the cylinder walls mic'd, observe pistons, replace main bearings with the 1098R bushings, degunk engine, valve shim adjustment, probably should do new belts, and maybe a few other things but first need to know if the engine is rebuildable.
