24V Swap info -E30 Performance

Budget for a new radiator and water pump, and also consider an electric fan swap; there is precious little space in an E30 for the M50's viscous setup. Then there's the exhaust manifold (headers, as you Americans call them). You'll need a custom solution or be extremely skilled with a welder if you don't want to rob power from your new engine.

BMW E30 M50 Swap Instructions with Wiring chart

BMW E30 M50 Swap information. ... The engine mounts have to be changed by the ones of an e28/e24 M30 or by specific ones for an E30 M50. Depending on the used brake booster it will be necessary to add washers or spacer to lift the engine so that the brake booster does not touch the intake manifold.

BMW E30 M50 Swap information - bmwswap.com

The standard when it comes to non-E30 swap. Whether its the simply grunty 2.5-litre M50 or the beefier 2.8 M52. all aspects are covered of fitting the next generation of six-pot rightness to your car.. On paper, there doesn't seem to be a huge difference in power between this generation of engine and its predecessor, the M20. But a basic horse-to-horse comparison is to miss the point of this ...

Techtips - BMW E30 Engine Swaps

BMW E30 to M5x/S5x Engine Swap - Parts List. This list is not comprehensive, but it's a good start when considering what must be factored in general. Updated 6.Oct.2017 . 1. E30 radiator (only late will work (not early), as the reservoir is on the wrong side) or E36 part with the lower mounts raised 2. E30 radiator overflow tank 3.
