Hi Guy's, I have a problem with my 93 eb falcon that I can't seem to fix. A week ago the engine just lost all power at 100kph and had no throttle control the engine was even still running when i stopped, then it shut off. this happened repeated over the day. the next day I took it out for a run and it ran good with no problems at all. Now it is back to just cutting out.

EB Falcon again - Austech

Hi, A while ago I posted a thread regarding my 1996 EL Falcon which has stuttering problems when accelerating from take off. Well, the situation ended up getting worse, so we finally had our mechanic look at it who checked out the spark plugs which were only 5000km old (we also had the problem before these spark plugs went in so we knew that wasnt the issue), and they were black as night!
