Aggregate Rankings for Economics Journals | IDEAS/RePEc
journal is mainly an economics journal: it is intended to be a new approach to both ecology and economics that recognizes the need to make economics more cognizant of ecological impacts and dependencies; the need to make

Ecological Economics | All Journal Issues | ScienceDirect.com
The journal is concerned with extending and integrating the study and management of "nature household" (ecology) and "humankind household" (economics). This integration is necessary because conceptual and professional isolation have led to economic and environmental policies which are mutually destructive rather than reinforcing in the long term.
