Economic Development Solutions | Enabling Transformation

Circular Economy Solutions In a world of finite resources, the circular economy model offers a path to reinvent the economy in the interest of natural capital conservation and waste minimisation. A transition must be made from the linear model of “take-make-dispose” to the circular model of recycling, re-use, and designing for recyclability (DfR).

WHAT IS ECONOMIC DEVELOPMENT? In broad terms, economic development involves the development of human capital, increasing the literacy ratio, improving important infrastructure, improvement of health and safety and other initiatives which aim to improve the general welfare of citizens.

7 Odd Solutions for 7 Common Economic Problems | TIME.com

The solution for unemployment is, of course, to create new jobs. Usually, a healthy economic growth rate of 2% to 3% is enough to create the 150,000 jobs needed to prevent high unemployment. When unemployment creeps above 6% to 7% and stays there, it means the economy can't create enough new jobs. That's when the government steps in.
