Edward II Summary from LitCharts | The creators of SparkNotes

The history play Edward II represents the ultimate affirmation of Christopher Marlowe's power and skill as a dramatist, and is to boot the only play of his which can be confidently stated to be an unadulterated example of his work. Frequently referring to, but generally by-passing, most of the important political developments of Edward's reign (1307-1327), the story focuses in laser-like fashion on Edward's weakness of character and obsession with his personal favourites; the result ...

### Edward II - Mad Actions

All in all, Marlowe's Edward is a doormat. Indeed, he causes his own demise at the end of the play, which is a horrible end; it's almost a mockery of his sexuality. He gets killed by having a hot poker shoved up his arse. This is to prevent physical evidence of his murder being easily perceivable on his corpse.
