Anirban Kumar Roy - Senior Engineer, IP & Core Network ...

Within ghost hunting and parapsychology, electronic voice phenomena (EVP) are sounds found on electronic recordings that are interpreted as spirit voices that have been either unintentionally recorded or intentionally requested and recorded.

Parapsychologist Konstantin Raudive, who popularized the idea in the 1970s, described EVP as typically brief, usually the length of a word or short phrase.

Probably one of the biggest decisions
therapists have to make about their practice
these days is whether or not to go with
electronic records (i.e. EHR). As with
anything, there are benefits and drawbacks
to this choice. Since I've had a lot of
experience with launching electronic health
record syst
