A 'read' is counted each time someone views a publication summary (such as the title, abstract, and list of authors), clicks on a figure, or views or downloads the full-text.

Anirban Kumar Roy - Senior Engineer, IP & Core Network ...

Within ghost hunting and parapsychology, electronic voice phenomena (EVP) are sounds found on electronic recordings that are interpreted as spirit voices that have been either unintentionally recorded or intentionally requested and recorded. Parapsychologist Konstant?ns Raudive, who popularized the idea in the 1970s, described EVP as typically brief, usually the length of a word or short phrase.

Publication Charges. Journal of Systems and Integrative Neuroscience is an Open Access journal and we do not charge the end user when accessing a manuscript or any article. This allows the scientific community to view, download, distribution of an article in any medium, provided that the original work is properly cited, under the term of "Creative Commons Attribution License".

Teledyne LeCroy - Protocol Analyzer

Probably one of the biggest decisions therapists have to make about their practice these days is whether or not to go with electronic records (i.e. EHR). As with anything, there are benefits and drawbacks to this choice. Since I've had a lot of experience with launching electronic health record syst

Do you read me, over? Yes, I read you, over. If you've never had the pleasure of communicating by walkie-talkie, you don't know how much fun you've been missing! Before cellphones became popular during the 1980s and 1990s, walkie-talkies were the most effective way to share information over short to medium ranges—and they're still widely used by police officers, military personnel, and the ...
