Petter AA1 Diesel engine Starting

The Petter Oil Engine story began in 1894 with twin brothers Ernest and Percy Petter, who were employed in the family business of James B. Petter & Sons, ironmongers of Yeovil, Somerset, England. The family owned a foundry and engineering works in Yeovil, to which an application for work was made by a Ben Jacobs.

The History of the Petter Engine

As mentioned above, If its one of the old AA1-AC1 petters there should be a priming pin next to the oblong rocker cover, has a knurled knob. If the o ring on it is worn fit a new one, then using engine oil prime it twice, and if its a pig put one more in and leave the pin pushed in just enough to hold on the o ring ready to use later.
