MP8 Semi Truck Engine | Mack Trucks
We have three 2007 Granites with mp7 engines and are constantly dealing with sensor issues. Exhaust temp with one and oil pressure and temp with the other two. Weve tried the updated sensors and its still a problem. With one itll cause an intermittent shutdown and the other two the gauges dance a...

Oil Pressure Sensor Replacement
What causes low oil pressure? This is a common question that I get in the comments section and for good measure, as the oil pressure is what protects much of an engine from damage.

MP7 sensor issues - Engine and Transmission ...
The reason I ask is my 2001 460 will run just beyond 40 at 1600 when turnpike driving and oil temps get around 210. 15 at hot idle. The other day there was a stout cross wind and oil temps hung around at 220 or 225, wish there was a fix to drop oil temps,but I keep hearing that 210 and around is normal.

How To Change an Oil Pressure Sensor
another thing that kinda bothers me is the blowby coming from this engine. Everyone I've talked to says it's relatively normal for a Mack (since it's not puffing it out, just a steady stream when hot only) so I'm not really gonna worry about that. also, I have a pretty bad oil leak coming from behind the lower twin filters on the drivers side.

OIL PRESSURE SENSOR for Mack E7 E-Tech Aset Engines. PAI ...
