Wikibooks is a useful resource if you're curious about a subject, but you couldn't reference it in academic work. It's also worth noting that although Wikibooks' editors are sharp-eyed, some less scrupulous contributors may plagiarize copyright-protected work by other authors. Some recipes, for example, appear to be paraphrased from well-known chefs.

Economics MCQ | Multiple Choice Questions and Answers - examyear.com

The study of economics is the study of choices. How should a society allocate and distribute its resources? Which needs should have the highest priority and which are less important? Economists study how people use their limited resources to satisfy their unlimited wants. They create scientific models to explain why people behave the way they do and use these models – along with observations ...
