### Environmental Ethics The Big Questions

"Overall, Environmental Ethics: the big questions is an essential text for anyone looking to get to grips with key thinkers and their contributions to this new and burgeoning domain of ethics. Whilst challenging at times, the variety of papers in terms of both inter-disciplinary and difficulty is wide, allowing readers to effectively engage irrespective of background.

### Environmental ethics : the big questions (Book, 2010 ...

It is more geared toward philosophers looking to expand their knowledge about this dimension of ethics, and not so much toward environmental scientists and students looking to expand their understanding of the ethical dimensions of the field. I used this as a textbook in a course populated by non-philosophy majors, and it was a struggle.
