Here is an updated version of the \$domain website which many of our East European book trade customers have been using for some time now, more or less regularly. We have just introduced certain upgrades and changes which should be interesting for you. Please remember that our website does not replace publisher websites, there would be no point in duplicating the information. Our idea is to present you with tools that might be useful in your work with individual, institutional and corporate customers. Many of the features have been introduced at specific requests from some of you. Others are still at preparatory stage and will be implemented soon.

Et Based Community Development Abcd

This nice study by Nagata et al. reveals the effect of pandemic on children's screen time with sociodemographic factors. We don't have similar data from our Indian sub-continent, but I would share some observations on screen time usage by children/adolescents of age 10-15 years in this pandemic.

School Readiness - American Academy of Pediatrics

A route is a section of Express code that associates an HTTP verb (GET, POST, PUT, DELETE, etc.), a URL path/pattern, and a function that is called to handle that pattern. There are several ways to create routes. For this tutorial we're going to use the express.Router middleware as it allows us to group the route handlers for a particular part of a site together and access them using a common ...

Ennis, G., & West, D. (2010). Exploring the potential of social network analysis in asset-based community development practice and research. Australian Social Work, 63:4, 404-417. This article makes the case for the incorporation of key concepts from social network theory on asset-based community development practice.

The ABC Model - Stress Management From MindTools.com

Social models of health recognise that our health is influenced by a wide range of individual, interpersonal, organisation, social, environmental, political and economic factors. They encourage us to have a deeper understanding of health than a focus on biology, physiology and anatomy and to recognise that: Health, and what makes people healthy, can only be...
