This is just one of the solutions for you to be successful. As undoes not recommend that you have extraordinary points.

Experimental Variables Pogil Pdf - aiutoconsumatori.it

Experimental Variables 1 Experimental Variables What is measured during a controlled experiment? Why? When scientists set out to do an experiment, they first think about the variables that may affect the outcome of the experiment. A variable is any condition that may cause a change in the dependent variable.

Experimental Variables Pogil Pdf

When designing an experiment, you need to consider three types of variables. The independent variable is changed by the experimenter during the experiment. This variable is sometimes called the "manipulated variable." The dependent variable is what changes as a result of the independent variable.
