Episode 13: Embracing our truths | C Space
Practically speaking Inner Space Therapy (IST) is an inner exploration of consciousness. It's a meditation based, interactive technique that can bring profound and lasting changes. These changes can translate in practical ways, through self healing, managing stress, being more present with friends and family, or bringing clarity to your life.

Exploring inner space:: Personal experiences under LSD-25 ...
I'm Dean Radin, Chief Scientist at the Institute of Noetic Sciences. I have been engaged in scientific research at the frontiers of consciousness for nearly 40 years. I was in graduate school when IONS was founded in 1973, and I thought that its mission, described then as exploring the outer limits of inner space, was just as exciting — maybe even more so — than exploring the limits of ...

Exploring the Outer Limits of Inner Space - IONS
Inner experience is private—your inner experience presents itself to you and to no one else—and that is a challenge for science. I have created a method, Descriptive Experience Sampling (DES), designed to overcome that and other challenges and thus to present high fidelity glimpses of inner experience.

Exploring Inner Experience
Dr. Mitchell's transformative experience led him to establish the Institute of Noetic Sciences (IONS) in 1973. He understood that by applying the scientific rigor used in his explorations of outer space, we could better understand the mysteries of inner space—the space in which he felt an undeniable sense of interconnection and oneness.
