Read Online False Economy A Surprising Economic History Of The World Alan Beattie

An important book for turbulent times-an accessible and engaging economic history of the world, by a leading economic writer. Alan Beattie has long been intrigued by the fates of different countries, economies, and societies-why some fail and some succeed. Here, he weaves together elements of economics, history, politics, and human stories, revealing that societies, economies, and countries ...

whether governments and countries remain rich or poor. He also addresses larger questions about why they make the choices they do, and what those mean for the future of our global economy.

False Economy - Alan Beattie - Complete Review
Why do oil and diamonds lead to economic disaster more often than boom? Why doesn't Africa grow cocaine? Why might believing in God be good for your balance-sheet? Using the stories of economic triumph and disaster, this title explains how some countries went wrong while others went right.
