She may be a quarter of the size of a Viking but give her a sword and she might prove a match. Garrick is a Viking merchant who already had his heart broken by a woman.

Fires of Winter has that element, it is just not in a supernatural way. It also has the sense of clashing cultures, much like PR writing achieves through the introduction of difference species. It isn't as far of a stretch as you might think. This book is not going to be for everyone. Please keep in mind that the Vikings were not a gentle group of men.
