### AIR CART Setup Guidelines

Does anyone know if flexi coil ever published charts for the 320 for other products than the ones posted in the manual? I'd be interested in a 11-52-0-0 chart. Currently punching 46 in the back tank on a 20 series cart, durum in the front, and phos into the 320 granular. They don't have either phos or urea charts, so its a lot of guessing and resetting.
