How to Identify a Ford Industrial Engine | It Still Runs
I suspect you have a 192 cubic in industrial engine. But the only difference between a 172 and a 192 is the bore and possibly casting (D3JL = 192, D2JL = 172 per a rebuilders parts list) both are 1970's vintage. See the link for decoding the casting number. The J on the end is often used to identify the size. C for 134, J for 172.

the same as the 53-56? jubilee and 600 tractor engine. The 172 is the same as the 800 series farm tractor. There were variations such as lp gas manifolds. You should be able to locate parts easily for either engine. You can get a parts book from any Ford Industrial engine dealer.

Ford Industrial Engines & Power Units (E '134' & D '172 ...
On a Ford 172 or Ford 192 industrial engine the distributor drive rod performs a very important function. This Ford 172 distributor drive shaft is a hex sided shaft made of hardened steel, 3.93" long with chamfered ends. This drive rod connects the distributor with the oil pump. The Ford 172 or 192 engine's cam gear drives the distributor which then through this short shaft drives the oil pump.

Ford 172 Industrial Engine Specs

The Ford 172 engines were made with heavy-duty aluminum pistons, each with three compression and two oil rings for maximum high-pressure efficiency. Its forged-steel crankshaft was heat treated for strength and rigidity with three main bearings lined with copper-lead.

172 Engine - Steiner Tractor Parts

We resleeved a 172 to the 4.160 bore of a 192+.030. The engine is in a 960 puller and has been dry blocked. It never overheats even on back to back pulls. I used the 172 head and cut it to 64cc chambers, did some intake port work, added larger valves, better springs and a cam reground by Bullet Cams.

Ford 172 Industrial engine

Ford industrial engines and Ford industrial engine parts Foley Engines has long worked with Ford Motor Company to support industrial and off-highway markets. Foley Engines, founded in 1916, has supported the Ford Industrial program since its introduction to the Industrial market in 1947.
