Ford 351 Cleveland Engines:
Block Identification Guide

There has always been some confusion when it comes to Cleveland block

identification. The 351C block castings, despite different casting numbers, are all basically the same casting and can all be converted to four-bolt main caps with help from a qualified machine shop.

351 marine engine/351 car engine | Boat Design Net

The Windsor motor is considered a small block. The Cleveland 351 is between a small block and a big block. Even though the Cleveland 351 came from the small block family, few parts will interchange. The heads on the 351 4 barrel engine were very similar to the Boss 302 heads. In 1971, Ford offered only a two barrel version of the 302 motor.
