Fuji X100s Focus Review and Tips

HelloMy X100F has stopped working in manual focus.I sent it off to Fuji repairs and they have returned it saying they cant replicate the fault.I have made this video today (after receiving it back) to show the problem I am having.Could I be doing something wrong? I have been using the X100 series...

Fuji X100F Manual Focus Reset Fixed (Finally!) - StreetShootr

So all in all, if this camera can keep the IQ of the X100 or improve upon it even (which Fuji tells me that they did) then this is an out and out winner, and to me, the best of the Fuji X lot. I tried the manual focus and it is so much better than on the X100. Short focus throw and useful features for nailing that focus rather quickly.

Fuji X100 Manual Focus

TRICK: In Manual Focus, unlike autofocus, the Fuji X100 focuses seamlessly throughout its entire range! Therefore, instead of screwing with the macro mode menus, simply slide the focus mode switch to MF, and hold the AFL AEL button to focus. Press the rear control lever to enlarge the central focus area.

Manual Focus (Focus Mode M) - fujifilm-dsc.com

One of my two cameras is the Fujifilm X100F, which offers manual focus, and has some “Focus Assist” features which are really useful. First, you want to set the camera to use both auto and manual focus. Go to the AF MF Menu and turn AF+MF On. This means that the camera will use auto-focus when you press the shutter halfway.

Fuji X100 User's Guide - Ken Rockwell

Checking Focus. The following options can be used to check focus in manual focus mode. The Manual Focus Indicator. The white line indicates the distance to the subject in the focus area (in meters or feet according to the option selected for [SCREEN SET-UP] > [FOCUS SCALE UNITS] in the setup menu), the blue bar the depth of field, or in other words the distance in front of and behind the ...

BL02401-102 X100S - Fujifilm

Fuji cameras manual focus mode. The way that Fuji implemented manual focus mode on their cameras, turn them into possibly the best manual focus cameras around. Now some will say the most recent series cameras' AF is so good that you don't need manual focus.

Fuji cameras manual focus mode - Tangents

Okay so you could switch to manual focus, but even with the various and wonderful manual focusing aids that Fuji provide us with, like focus peaking, magnified image or the electronic split image, it can still take too long to achieve focus and by then that once in a lifetime moment has gone. So is there another way?

Fuji X100s Manual Focus Features Explained with Demo!

Owner's Manual Thank you for your purchase of this product. This manual describes how to use your FUJIFILM X100S digital camera and install the supplied software. Be sure that you have read and understood its contents before using the camera. For information on related products, visit our website at

Tips for Using Auto and Manual Focus on the Fujifilm X100F ...

The Fuji X100 series of cameras have been a favorite of street photographers since day one. And the latest Fuji X100F is a stellar little shooter but whenever the camera powered down the manual focus distance reset to 2 meters which made manual focus shooters (like me) a little crazy.

How I configure my Fujifilm X100T for everything I photograph

“Focus Check” doesn’t work in continuous servo autofocus mode, and neither does manual focus. S: Single servo autofocus, where the X100F focuses once and locks down after it has acquired focus. This is the most accurate way to focus with the X100F, but it only works when you have a nonmoving subject.

Fuji X100 - Ken Rockwell

The new Fuji X100s is the new update to the X100 that fixes all that was wrong with it! The speed and the manual focus abilities! The new X100s has an all new X-Trans sensor, has the fastest AF in...

Manual Focus mode stopped working. - Fujifilm X100F ...

The X100T focuses fastest when the focus area is set to the largest. It’s not as accurate as smaller areas, but I’m more concerned about speed most of the time. Release/Focus Priority for AF-S:...

FUJIFILM X100F Owner’s Manual

You can set the X100 for zone-focus, but you don't need to because it auto and manual focuses so fast. Fujifilm X100. enlarge . The X100's optical finder uses a superimposed electronic color graticule that shows as much or as little junk information as you'd like, including a virtual horizon, parallax correction, a focus distance scale with calculated depth-of-field, a graticule, a histogram and the kitchen sink .
