Because this site is dedicated to free books, there's none of the hassle you get with filtering out paid-for content on Amazon or Google. I love the fact that all the site's genres are presented on the homepage, so you don't have to waste time trawling through menus. Unlike Free-Ebooks.net also lets you sort results by publication date, popularity, or rating, helping you avoid the weaker titles that will inevitably end up on open publishing platforms (though a book has to be really quite poor to receive less than four stars).
