You can use the manual settings on the Garmin 160C Fishfinder to set up alarms for particular water depths or fishes of a certain size thanks to the cutting-edge dual beam transducer built into this model. This way, if you are really trying to just land the big ones, you can easily filter out smaller schools.

Garmin Fishfinder 160C Fish Finder Parts

Re: garmin 160c display problems The problem is with the unit - they're rubbish. I just replied to a more recent thread asking for a good fishfinder, by pointing out NOT to get the Garmin 160C! I have the same problem, often a garbled display at speed, plus it keeps freezing up, requiring you to switch the thing off and back on again.

owner's manual - Garmin

Soft Bottom Fishfinder 160C Owner's Manual Thermoclines
Garmin's See-Thru technology allows the Fishfinder 160C to see through thermoclines and helps locate fish where they live; and fish love thermoclines! A rough definition of a thermocline is a break in water where the water temperature changes faster than the water above it.
