In the real world, pupils taking GCSE maths have to sit four-and-a-half hours of exams. Ninety minutes of that is a paper for which they aren't allowed calculators.

How good are you at GCSE maths? Take our quiz | Education ...

Calculate $p \times q$. Give your answer in standard form. Multiply the two first bits of the numbers together and the two second bits together: $8 \times 5 \times 10^5 \times 10^{-2} = 40 \times 10^3$ (Remember $10^5 \times 10^{-2} = 10^3$) The question asks for the answer in standard form, but this is not standard form because the first part (the 40) should be a number between ...

GCSE mathematics - GOV.UK

In summer 2017, and again in 2018, we generally saw maths teachers choosing the right tiers for their students, with very few students "falling off" the higher tier without a grade. However, in 2018, all sciences and modern foreign language subjects were also tiered and we saw a very different picture of student outcomes on the higher tier for these subjects.
