GE Smallworld Solutions | Safe Software

Smallworld is the brand name of a portfolio of GIS software provided by GE Digital, a division of General Electric. The software was originally created by the Smallworld company founded in Cambridge, England, in 1989 by Dick Newell and others. Smallworld grew to become the global market leader for GIS in utilities and communications and remains in this position today.

Small World GIS Training(8)

Documentation for Smallworld is typically installed with the software itself, and it was (up to at least 4.2) in Windows Help format. The documentation is pretty good and covers user guides, programming, database administration and so on, but I don't think you'll be able to access it without a Smallworld licence.
