GE Air Conditioners - Walmart.com

In 1892, Electric Light Co. and Thomson-Houston Electric Co. merged and created General Electric Co. General Electric Co. manufactured its first electric cooling system — the electric fan — in the early 1900s. While the company at one point produced central air conditioners, GE sold its central air conditioning division to Trane in 1982.

General Electric Air Conditioning Parts, General Electric ...

I believe 48,000 Btu unit mfg. 1980, possibly 6th week. Not that matters much, General Electric branded/labeled, central air conditioner or HP, means its OLD (newest would be by 28 y.o.), as far as energy efficiency goes, a hog. Well beyond expected life. At least four "generations" behind as far as efficiency. HTH.
