Outside Keypad Programming
This new Genie Intellicode Radio Receiver connects differently than previous versions of Genie external receivers. The receiver is powered through the terminals marked power and common. A Genie garage door opener which has only 3 terminals on its motor head will use the terminals on the motor head marked 1 for common and 3 for power.

Garage Door Opener Remote Programming
Genie Intellicode is different. Every time your garage-door system is activated, our proprietary Intellicode system selects a new code from billions of possible combinations. This virtually eliminates the possibility of hacking, and it helps prevent unauthorized entry into your home through the garage.
