A practice workbook with no answer key is useless. If you want to judge whether you know a topic, and you can't tell if you've done them properly, you really have no sense of where you stand. Also, the workbook sections don't match the current version of the textbook. Not expensive, but a total waste of money.

I cannot say enough about this book. I received a classroom set of these books last year for my Resource students. I am familiar with the CC curriculum, but I am not "math savvy" enough to come up with practice questions on the fly. This book allows me to grab TONS of practice problems, multiple choice problems, etc.
