The hero3 has a powerful video editing software to apply effects to our photos with very simple settings. Press the simple menu on the LCD screen to adjust the video quality in a few seconds. If you do any of them, do not forget to update it to the latest version of the software to enjoy the system improvements. It is rare to find it new so if you do with a second hand and have lost the user manual ... do not hesitate to download it!

Update your GoPro

Re: Go pro hero 3+ won't update!!! I'm not sure if it is clear from the above messages, but you need to download the Update.zip folder to your computer and then Extract the contents to your computer. When done you should have a folder called update with several files inside. Format your SD card and then place the Update folder (not Update.zip)...
