Brain tumor occurs owing to uncontrolled and rapid growth of cells. If not treated at an initial phase, it may lead to death. Despite many significant efforts and promising outcomes in this domain, accurate segmentation and classification remain a challenging task. A major challenge for brain tumor detection arises from the variations in tumor location, shape, and size. The objective of this ...

The 1990 Atlantic hurricane season featured the most named storms of any hurricane season at the time. During the 1990 season, 14 tropical cyclones in the Atlantic Ocean became named storms. The season officially started on June 1, 1990, and ended on November 30. However, storm formation is possible at any time of the year, as was the case in this season, when Tropical Depression One formed on ...
