Is there a good source out there for Velocette engine and frame numbers? I have searched the owners groups stuff and can't seem to find anything.. I'm looking for info on 60's venom's and Vipers. Thanks in advance.

Engine - Velocette Technical Site
Velocette built engines and frames separately, kept them in the stores and eventually built them into a machine. Therefore there is no direct or logical relationship between engine and frame numbers. It is not unusual for an engine to have a much later frame than the next engine in the numeric sequence or vice versa.
