Hard Facts, Dangerous Half-Truths and Total Nonsense

Synopsis. According to Pfeffer and Sutton, the best way to avoid these challenges is to use "evidence-based management". This approach is all about facing the hard truths about what works for your business and what will not. It is all about basing business decisions on reality rather than the various and potentially dangerous half-truths which...

Hard Facts, Dangerous Half-Truths And Total Nonsense ...

Hard Facts, Dangerous Half-Truths, and Total Nonsense is a candid book that challenges executives to commit to evidence-based management as a way of organizational life. And it shows executives how to turn this commonsense approach into common practice.
