How I solved my noisy valve train on my '92 Fatboy 1340 EVO engine. I have been chasing this problem for several months, and it was getting so my bike wasn't fun to ride anymore, as the engine noise seemed louder than my exhaust, especially when I have the windshield on, it tends to amplify all the sounds coming from the engine.*

*Why is there a knocking noise in your Harley Davidson ...  
I noticed what seems to me to be excessive engine noise compared to my last jap bike. It sounds like tappet noise. Harley says there engines have hydraulic lifters which should be quiet. Is this noise normal ?. Its not super loud but it is noticable. The engine has 7,500 miles on it . 2004 sporty*

*I had my 1999 Fatboy (80" EVO) engine rebuilt by a highly reputable and well known engine builder. They did head work (10:1 compression), S&S 561 cam, carb kit, high flow petcock, new rocker arms, pushrods, valves and springs.*

### *Harley Evo Engine Noise*

*Evos are usually really quiet at start up and cold running, then pick up a little noise as they warm up. The cylinders "grow" with heat, hence the hydraulic valve adjustment, to take up that slack. If you have an open air element, like Ness Big Air, or Screaming Eagle, sometimes the engine's air sucking pulses can be heard as well.*

### *EVO Knocking and Top End Noise after Rebuild | V-Twin Forum*
