Hercules Engine For Sale - Farm Equipment For Sale

In Feb. 1950, the 3-1/4 in. bore Hercules IXB-3 was introduced, coinciding with the dropping of the name 'Cletrac' from the HG's decals. This engine was equipped with a water pump for greater cooling capacity. Important note: IX-series engines before serial number 1285103 were equipped with babbited bearings. They are expensive to renew and cannot be replaced with modern insert bearings.

.Parts HERCULES

The Hercules Engine Company began production in the early 20th century, designing diesel engines for the U.S. trucking industry. Over the next 85 years, the company expanded their market to include production for the military. The military used Hercules engines for a variety of vehicles, including large transport vehicles airplanes and boats.
