SOLVED: Hino truck 2005 loses power when check engine - Fixya
We get calls quite often with questions about a transmission light or engine light that has come on. A customer will want to replace a part thinking that's the problem, but often it's not the problem and they spend a lot of time and money trying to self-diagnose. We recommend you do one of these two things before wasting so much time and money: 1) Go to the dealership.
