Amazon.com: gxv120

I took it to my local Honda dealer, he told me to forget about trying to rebuild the motor, actually said cant be done, started showing me new models. I want to fix it. Hard to start cold, but impossible to start once warm. Seems to have lost compression, I was thinking a hone & rings, or maybe a burnt valve. Ive rebuilt many auto engines before, im sure I can handle a mower engine with some ...

Colorado Engine

I have 2 NOS Honda engines - GXV120. Bought them as spares for my HR194 and the same as used on the HR214. Well 25 years after buying the mower, it still doesn't need any new parts..... religious maintenance. Bought a HR215 later since it is self propelled. One engine is in the original Honda box, the other is missing the box.
