Honda XL250 is a four stroke 250cc motorcycle from Honda introduced in 1972 and manufactured through most of the 1980's. It is an "enduro" or "dual purpose" bike meaning it physically looks like a dirt bike, and shares many characteristics with a dirt bike, but it is street legal. The bike is completely mechanically operated as there are no hydraulics on the bike.

Honda GX160 Engine Parts

Honda's GC and GS engines use the world's first small engine internal timing belt, designed to last the lifetime of the engine. Small engine timing belts are usually external and are subject to wear caused by dirt. Honda's internal timing belt runs in oil, eliminating the need for conventional drive gears. This design:
