"House of Silence", sadly only available for the Kindle (for shame, publishers!) ticked every possible box for me. The Silent House: The gripping mystery that will keep you ...
HOUSE OF SILENCE belongs to no single genre of fiction and that proved a stumbling block for publishers who liked the novel, but couldn't see how to market it. My readers had been pleading for a new book for so long. I decided to publish HOUSE OF SILENCE as an e-book on Amazon for Kindle.

House of Silence - Linda Gillard's latest book
SILENCE is one of the best books I have read recently. It s beautifully written (in English Translation), and the characters were sympathetic. The style of mystery is fairly low key, some violence that helps the story along, and the denouement is well brought about with all clues finally answered.Towards the end, I did get some idea of the ending, but not altogether, and that is great with me.
