This book is a collection of guidelines for the site design of low-rise, high-density family housing. It is intended as a reference tool, primarily for housing designers and planners, but also for developers, housing authorities, citizens' groups, and tenants' organizations-anyone involved in planning or rehabilitating housing.

Housing as if people mattered : site design guidelines for ...

Much of available housing is produced primarily as commercial real estate and less for their qualities as "homes" to be lived-in Existing housing models offer less choice. People have to compromise and adapt to what is already available in the market than what they might have wanted. Housing makes up a huge part of the city.
